

The RBHA is proud to participate in the Central Virginia Health Care Project, a collaborative public/private effort designed to expand, integrate, and coordinate medical and behavioral health care services in the region for uninsured individuals who would not be able to access these services elsewhere.

With generous funding from the Virginia Health Care Foundation, these agencies have partnered to develop this Project:

- Chesterfield County Community Services Board
- Daily Planet
- Goochland Free Clinic & Family Services
- Goochland-Powhatan Community Services Board
- Richmond Behavioral Health Authority
